

FLY ASH FORUM

Sponsored by: www.CroftonFirst.com
Crofton First –
“Promote Smart Growth” **CROFTON**

WHERE: Village of Waugh Chapel Community Meeting Room. In Village of Waugh Chapel Shopping Center. (Entrance is under the Clock in the red brick arch)

WHEN: Tuesday, September 25, 2007

TIME: 7:00 P.M.

ISSUE: The existence of fly ash dumping in our area and its effects on our safety and the environment. Education on the substance, existing groundwater contamination status, and possible alternatives to dumping will be the focus of this forum.

INVITED SPEAKERS: Representatives will be/are invited from MDE/DNR, BGE/Constellation, Reliable/BBSS, Anne Arundel County Health Department and others.

PURPOSE: To educate the community regarding this issue and alternative uses for this by-product of coal burning. To review future development on this site and others in close proximity. To voice concerns, comments, and to foster open communications with the involved parties.

This is your community; we need everyone to come to the Forum with questions and comments on this topic. This is our chance to show the involved parties that we are interested in what happens in our community and that our safety and health is of the utmost importance.

For more information on the Forum and other issues involving proposed development see www.CroftonFirst.com
